CORRECTED SUBMISSION OF DECLARATION

Honorable Commissioner for Patents
U.S. Patent and Trademark Office
Randolph Building, Mail Stop Amendments
401 Dulany Street
Alexandria, VA 22314

Sir:

In response to the Notification of Missing Requirements mailed March 18, 2008, applicant filed "Late Submission of Declaration and/or Translation in Application filed under 35 U.S.C. 371" on May 16, 2008. Attached to that submission was an executed declaration. However, it has now been noticed that, through inadvertence, the declaration filed at that time does not apply to the present application as the declaration clearly identifies the application to which it applies as being the National Stage of PCT/JP2004/015574. Indeed, it also identifies the application by title and Japanese priority numbers, all of which are different from those applicable to the present application. This declaration

In re of Appln. No. 10/566,266

was intended to have been filed in a related case and was filed in the present case due to a clerical error.

Attached hereto is the correct executed declaration that was intend to have been filed in this case. Also attached here is a supplemental application data sheet to correct the Patent and Trademark Office records about the filing details of this case so as to correspond to the correct information in the attached declaration.

Accordingly, please disregard the declaration filed on May 16, 2008, and consider the declaration attached hereto as being the executed declaration that is applicable to this case, as is apparent from its face. The attached declaration identifies the correct international application number, title and priority numbers.

Respectfully submitted,
